Our thanks to Chairman Ted Height and Lions, Vic Anderson, Al Guzeika, Bob Smith, Lomas Freeman Bill Mc Dade and Supervisor Rolf Dieter for carrying on the Car Wash which saw over 50 cars come out cleaner March 18th and a nice profit for the Club.

A special thanks from all the club members to Lion Vic for the use of his facilities for this fund raising project.

++++

Remember to receive your pin for bringing a new member into the club you must have him signed up before April 1. That's only a few days away So lets bring those Future Lions in and get them signed up.

++++

The big push for ticket promotions starts Friday Night. If you see this character on the right lurking arround stop and give him (or her) a hand pushing our Circus Tickets. We need everyone out for these final days of ticket sales. The booths at T.G. & Y., FURR'S, GIBSON DISCOUNT CENTER, SAFEWAY AND PIGGLY WIGGLY must be manned Friday and Saturday if this is to be an effective promotion. DON'T let the club down be on time and work your shift, there are only enough people available to keep them open these hours - 2-6 Friday, 10-2 & 2-6 Saturday. We'll be depending on all of you to do your share in this project.

+++++

Ever wonder if whoever invented the boomerang also invented the credit card??????

+++++

The advance sales representatives for the UPC tickets and advertising have completed their final report to us and the sales. Total sales were \$2461.25 of which the Club receives \$615.32.. Needless to say unless our ticket sales campaign is successful, and I am sure it will be, we will have to use some of this money to make our guarantee.

+++++

Does anyone know where the printing outs are with the Club Emblem, etc. They were turned over to one of the Club Members last year to have some printing done and we are not able to locate which printer has them and are badly in need of them at this time. Will that person please notify the President of their whereabouts.

+++++

Exasperation is the mind's way of spinning its wheels until patience restores traction.
